

Merger Update

Your digital banking upgrade is almost here!

Soon, you'll be able to customize your dashboard, manage your cards all in one place and use the handy new built-ins (like member transfers and financial tools) that come with your digital banking upgrade. If you haven't checked your email lately, take a look for upgrade info and tips. Or catch a sneak peek of videos, FAQs and more at Ent.com/upgrade.

It all adds up to a faster, better way for you to bank and is one of the first benefits of our merger. The upgrade comes at an exciting time as our name begins to change to [Wings Credit Union](https://WingsCreditUnion.com). You'll start to see a new logo and colors, new signage at select service centers this summer, and expanded giving to Colorado communities and causes. All while what you love about your credit union stays the same, like putting members like you before profits. For the latest member merger benefits, see Ent.CUtogether.com.

Colorado community focus

Best of the Springs:

Your credit union was voted the 2026 Best of the Springs award winner as the Best Bank/Credit Union for the 10th year in a row. The annual community-wide voting campaign of the area's most-loved businesses and services is operated by The Gazette newspaper. "You've chosen us year after year, and we never take that for granted. We're motivated to keep our standards high and continue serving Colorado Springs with pride," said **Chris Chippendale, Executive Vice President of Operations & Experience Delivery**.

YES Grants:

This month, we awarded \$300,000 in Youth Endowment Series (YES) Grants to 125 nonprofit organizations serving children and teens across Colorado. Grant recipients were recognized at Empower Field at Mile High, with Pro Football Hall of Famer Champ Bailey serving as a special guest. Now in its 27th year, the YES Grants program supports Colorado nonprofits serving children and youth through efforts such as mentoring, mental health services, after-school programs, food security initiatives and outdoor experiences. Since the program began in 2000, more than \$2.8 million has been awarded to support more than 350 nonprofit organizations statewide.
